EDUCATION

Dickinson College | Carlisle, PA

Expected Graduation: May 2026

B.A. Econometrics & Quantitative Economics | Honors: 1783 Scholar, Music Scholar Award,

Relevant Coursework: Investments, Econometrics, Empirical Finance, Financial Accounting, Cost Accounting, Managerial Economics, AI in Finance, Product Development, Research in Development Economics

WORK EXPERIENCE

Sarva

Jan 2025 – May 2026

Co-Founder & CFO — Multilingual AI SaaS, Early-Stage Venture

- Built and executed product and go-to-market strategy for a B2B SaaS platform, analyzing data across 50+ vendors and 1,500+ users to identify demand patterns, pricing behavior, and feature priorities.
- Developed financial and strategic models including revenue forecasting, unit economics (CAC, LTV, payback), and scenario analysis to guide growth decisions and capital allocation.
- Led vendor onboarding and operational workflows, translating manual store processes into scalable digital systems to improve inventory management and store efficiency.

The Pension Boards – UCC

Jun – Aug 2025

Fintech Business Analyst Intern

- Uncovered \$200K+ in projected annual cost savings by modeling institutional pricing structures in Excel and Power BI, benchmarking against comparable plans using comps-style analysis.
- Built automated SQL pipelines and executive KPI dashboards across Finance, IT, and Operations, reducing manual reporting by 30% and surfacing cost drivers that informed senior leadership's policy decisions.

Colton Alexander

Apr – May 2024

Investment Banking Intern

- Produced investor-ready pitch books and CIMs for 5+ engagements, incorporating DCF and comparable company analyses to frame valuation ranges and support management presentations.
- Conducted buy-side screening on 10+ early-stage targets, assessing revenue quality, margin trajectory, and market sizing to prioritize deal flow and inform investment committee discussions.

ONE Bank Limited

Jun – Aug 2023

Corporate Banking Intern

- Performed credit underwriting and risk assessment on SME loan applications, stress-testing borrower cash flows, collateral coverage, and debt-service capacity facilitating \$60K+ in loan extensions across four clients.
- Evaluated capital structures and investment portfolios for five HNW clients using risk-return framework, producing structured asset allocation recommendations aligned with each client's financial objectives.

RESEARCH & PROJECTS

Fin-Lingo AI | Personal

Tech stack: Next.js 14 · TypeScript · Tailwind CSS · Groq + Llama 3.1 · Vercel

- Built Finlingo, a learning platform for investment banking covering M&A, valuation, and financial modeling with an integrated AI tutor. Shipped end-to-end in a weekend.

Fraud Detection Model | AI In Finance | Credit Card Default Dataset

Python · Machine Learning

- Engineered classification models (Logistic Regression, Random Forest, XG Boost) on 250K+ transactions; optimized precision-recall trade-offs to achieve ~94% ROC-AUC and reduce false negatives by ~30% via feature engineering and imbalance correction.

Digital Financial Inclusion & Income Inequality in Bangladesh | Research In Development Economics

Econometric Research

- Ran log-log panel regressions on 12 years of macro data (2011–2023) in R; found a 10% increase in mobile finance penetration reduced the Gini coefficient by ~2–2.5% with lagged terms significantly improving model fit and long-run explanatory power.

LEADERSHIP

Dickinson College Badminton Club — Founder & President

- Led and scaled a 50+ member student organization, organizing campus-wide tournaments and managing operations

Bangladesh Beyond Border

- Moderated 200K-member group advising students on free study abroad opportunities.

SKILLS & ADDITIONAL INFORMATION

Finance & Modeling: DCF, LBO, Comparable Company Analysis, 3-Statement Modeling, Excel, SQL, R, Python, Power BI

Tools & Tech: Bloomberg, HubSpot, Oracle, NetSuite, Azure DevOps, MS 365, OpenAI API, GitHub, Codex, Claude Code

Languages: English (fluent), Bengali (native), Hindi (conversational)

Awards: BNY Up Prize Semi-Finalist · Pittsburgh Tech Week Semi-Finalist · Ship Tank Finalist · Launch U Shark Tank Finalist
